HTAOC-1

Copy 1 of 6

8 May 1956

MEMORANDUM FOR: Project Director

SUBJECT : Initial Requirement for Additional Photographic Prints

1. Due to the extended delay in securing operating space the HTAUTOMAT photographic reproduction facilities will not be ready initially to fulfill the CIA commitments for supplying HTAUTOMAT photographic prints to the Army and Navy.

2. To eliminate any possibility of Service criticism of CIA for its failure to provide the promised material it is requested that two additional sets of prints be produced at the processing site for selective use by the Army and Navy.

3. The Contract Officer has determined that these additional prints could be produced without undue strain or delay at the processing site. The subject requirement would be expected to stand until such time as a proper HTAUTOMAT photographic reproduction capability has been established. Present indications are that this requirement will not extend beyond July 1956.
